

To: All Customers of Teesport Unitised Terminals

10th March 2022

UK Rebated Fuel Duty Removal - 1st April 2022.

Dear Customer,

As we advised via letter on the 29th December 2021, due to the legislative changes associated with the removal of duty rebated fuel, it has become necessary to apply a surcharge in recognition of the increased costs of operating once the legislation comes into force.

As such, from the 1st April 2022, a fuel duty surcharge will be applicable, charged directly by PD Ports to all Carriers, Lolo and Roro, and applicable to all Laden Import and Export units (excluding passenger cars).

The surcharge will be levied at a rate of £3.90 per laden import and export unit.

Unfortunately, these charges are unavoidable given the changes to UK Government legislation and will remain in place for the duration of the legislative change.

Should you have any queries regarding the above, please do not hesitate to contact us.

Yours Sincerely,

Andrew Oxby
Strategic Development Director
